

This year, 4th quarter report cards will be available online in the myStudent portal after final state assessment data is received and loaded into the student information system. What this means for families is that paper report cards will not be mailed home; report cards will be accessed in the parent and student portals of myStudent only.

We expect to receive the state assessment results by the end of June. Report cards will be available shortly thereafter. All families will be notified by phone message when report cards become available to view.

To access the 4th quarter report cards, it is essential for parents to have a myStudent account already set up. To create your parent account, you will need the following information for each of your students: 1. The last four digits of the student's SSN. 2. your student's ID#. 3. Your student's birthday.

Each school has identified staff members to help parents who need assistance setting up an account. If you have questions about creating your account, please contact your child's school. Please be aware, we cannot share personal student information over the phone.

Thank you!
