1. Please be respectful of your assigned child's teacher(s) time to eliminate a traffic back-up.
2. If possible please place the last name of your student on your passenger's side dashboard in large letters for us to read.
3. Teachers and Staff will spread out around the car and bus loops to ensure proper social distancing.
4. We need all students and parents to stay in their cars-as much as we want to hug our Cubbies as we miss them and we want to wish them the best. Your child's assigned teachers will deliver awards to your car with their masks and gloves and to personally congratulate each student.

We look forward to cheering our cubs on to the next stage and
hope you can all make it!
