Cypress Elementary School is a learning community dedicated to developing resilient, lifelong learners who will work towards reaching their highest potential.

It has certainly been wonderful to have all our Cubbies back to school both in the bricks and mortar and mySchool online setting. We are now at a point where we need to provide consistent instruction and supports to our students. Therefore, we ask that students stay put with your selected schooling option. All changes moving forward will need administrative approval.

As you know we have made many modifications to our campus this year and things are going really well. Our Cubbies have learned the routines and adapted well. At this time, district has stopped all visitors on campus for the first semester and will reassess the protocols for the second semester.

This month we will push out our Annual Open House information and Title One Meeting virtually. Please look for it soon.

Once again, we are very fortunate to have a dedicated PTO that supports the instructional and enrichment programs at Cypress. We invite you to join our PTO. Please reach out to our secretary, Mrs. Hemby to let her know if you are interested and our PTO will get back to you.

As a school, we know that communication is of the utmost importance in establishing a successful home/school partnership. In an effort to inform our parents about policies and procedures, we have created a Student/Parent Handbook which is in your child's planner and online for grade levels without planners. The Student Code of Conduct is also an important document that should be reviewed each year with you and your child. One addition to the Student Code of Conduct is about requirement of wearing masks and actions that will be taken for non-compliance behavior. Please review that section with your student(s) as well. As the school year began, the schoolwide expectations, were reviewed with your child by his or her teachers along with our Positive Behavior Support System and the incentives they can earn by earning Cub tickets.

Mrs. Tonello, our Assistant Principal and I are so grateful for your support and we want to ensure we have an extremely safe, productive, and a successful school year with your children. Here are a few things you can do to assist us and your child:

1. Make sure your child gets to school every day, on time by 9:38 A.M., as we start at 9:40A.M.
2. Make sure your child is prepared to learn and participates in school each day.
3. Communicate with your child's teacher(s), as soon as you know of any issues that might negatively impact your child.

Hears to a great school year! Stay well!

Mrs. Berryhill, Principal
