Re: Premier Community HealthCare, Mobile Dental Program

Congratulations! Cypress Elementary was identified by your School Board to participate in the Mobile Dental Program. According to the Centers for Disease Control and Prevention (CDC), tooth decay is the single most common chronic childhood disease.

Premier Community HealthCare is pleased to provide your child with dental education, x-rays, cleanings, and dental sealants/fluoride varnish. In order to make the process as easy as possible for you, the following dates have been pre-assigned.

- Service days are January 9th – 13th, 2023
- Completed forms are due by January 5th, 2023

We are very pleased to offer this program and kindly ask you to return permission slips allowing your child to receive the services. In great caution, spaces are limited to ensure safety and social distancing. If you have questions regarding this program, please call Ashley Shindledecker, Mobile Dental Coordinator, at 352-518-2000 ext 9753.

Thank you,

Ashley Shindledecker
