

Weely Message 9-17-23

Good Morning Cypress Cubs! This week we have just a few reminders.

- All this week our students will be experiencing the Science Star Lab to learn all about the stars we see each night, so be sure to ask them about this fun experience.
- Calling our All-Pros Dads to this month's event from 4 to 5 p.m. on Wednesday in the media center. We will have snacks and hear Mr. Carlson's monthly message while you spend some quality time together.
- Students have their usual chorus and percussion practice on Thursday and Friday beginning at 8:20, students do not need to arrive any earlier than 8:20 for these clubs.
- Our monthly SAC meeting will be on Friday morning at 8:15 in the media center.
- Boys and girls will be very happy to know that another round of Smencils will be sold on Friday morning. These smelly pencils are \$1.00 each and they love them! Friday is also Intermediate popcorn day. If you want to pay for a popcorn pass please go into Rycor, which can be located at the Cypress website and you can pay for the rest of the year.
- Our first Student of the Month is this Friday afternoon beginning at 2:30p.m. Each month we will celebrate another student with a different Medal of Honor Character Trait. This month, each classroom teacher chose their student who has shown the most courage. Individual family invitations were sent home so check those backpacks! Thank you for all your continued support and wishing everyone a lovely week!
